PARTS LIST

PART NUMBER	DESCRIPTION	QTY
9192506	MODIFICATION KIT No 25 consists of:	
MA 3053-25	MODIFICATION INSTRUCTIONS	1
9282501	SPACER	1
9212391	WHITE SLOTTED BEARING	1
4281661	SCREW M4x20	2
4497710	WASHER 4.3 mm	2

INTRODUCTION

If the ML700 OPENER SHAFT vibrates excessively SWITCHES S4, S5, S6 might become actuated at the wrong time. The SPACER eliminates these excessive vibrations.

INSTALLATION

1. Switch off the ML700.
2. Open the TOP COVER.
3. Mount the SPACER at the front SHAFT as shown below. Do not tighten the MOUNTING SCREWS at this time. Ensure that the OPENER ARM does not touch the SPACER.

figure 1

4. Slide the WHITE SLOTTED BEARING on the OPENER SHAFT. The BEARING FLANGE should be to the side of the OPENER SHAFT. If the FLANGE is to the other side, the BEARING might slide out.
5. Ensure that the round cut-out of the SPACER rests fully on the WHITE SLOTTED BEARING and fasten the SPACER MOUNTING SCREWS.

FINAL TEST

1. Run a few cycles with various CASSETTE SIZES to ensure proper operation.
2. Circle number 25 on the MODIFICATION LABEL.
